No. of positions: 07 (Seven), one per district

Location : 1) Hyderabad, 2) Rangareddy, 3) Sangareddy, 4) Mahabubnagar, 5) Nizamabad, 6) Khammam, 7) Nalgonda

Start date : July 14, 2026 **End date :** July 24, 2026

Name of the organization : TB Alert India

About the Project: With the support of The Global Fund to Fight AIDS, Tuberculosis, and Malaria (GFATM) and guidance from the Central TB Division, will be implementing; (a) Integrated Pediatric TB care services in both the public and private health sectors to increase pediatric TB case detection and improve treatment outcomes, and (b) Active Case Finding (ACF) for early detection of missing TB cases among key and vulnerable populations, using innovative AI-enabled portable X-ray devices. SAATHII is the Principal Recipient of the grant and TB Alert India (TBAI) is the SR for implementation in state of Telangana.

TB Alert India seeking application for the post of District Project Coordinators (DPC) based at district headquarter of the implementation geographies to lead implementation of project "Decentralizing Pediatric TB Care Services in Public & Private Health Sector and enhance case detection through ACF with Handheld X-Ray across selected geographies/districts of the state.

Reporting to: State Programme Specialist

Key Responsibilities

- Collaborate with the District ACF Coordinator (DAC) to develop a weekly and monthly schedule for organizing hand-held CXR camps at facilities and within the community.
- Support the District ACF Coordinator for collection of data on mapping the Key Vulnerable Populations, identify program deliverable gaps and issues from the field.
- Tracking the status of supply of consumables diagnostics and drugs under the project and inform DAC towards time to time for procurement plans
- Support the DAC in facilitating microplanning and training for the health staff including ASHA, and AWW at the district and block level on the ACF campaigns
- Leverage the Community Engagement activities, door-to-door visits, mobile clinics, and health camps for actively identifying the individuals with TB symptoms /camps for ACF at Districts level conducted by different health departments like AAM (NHM)/WCD, RBSK/RKSK and NTEP
- Participate in the National Tuberculosis Elimination Program (NTEP)'s Routine ACF Activities
- Undertake district wide travel to conduct CXR for presumptive TB cases and share those with abnormal CXR reports for further evaluation
- Support the District ACF Coordinator in identifying & developing MoUs with the Private Labs for CXR Services wherever required
- Maintain regular communication with all facilities in both Private and Public, where the people with abnormal CXR were referred for sample collection and testing in NAAT/ other molecular tests
- Provide support in notifying positive TB cases identified
- Ensure documentation and data management of all the activities performed in the district
- Participate in the Project Review Meetings conducted in the district and state level, and by NTEP

- Undertake any other activities and responsibilities as reasonably required by the project and organization

Qualifications and Skills:

- Any degree with diploma/graduation in radiography or paramedical staff who has the working knowledge of operating handheld X-ray unit, with 2-3 years of work experience
- Ability to liaison & engage with stakeholders from multiple sectors of government, private health care providers, civil society and communities at state levels
- Computer skills and working knowledge in MS Office
- Good oral and written communication skills in English and regional language
- Willingness to be based in the district headquarter and travel extensively to project implementation geographies

Remuneration

- The compensation for the above-mentioned position/s will adhere to internal policies and market standards, determined by qualifications, relevant experience, and to the maximum of Rs. 25,000 (CTC) per month however this is subjected to last drawn salary and internal parity.
- TBAI is an equal opportunity employer, encourage women candidates, TB Survivors and the individuals with physical challenges meeting the above criteria to apply. TBAI provides a safe, inclusive, and supportive work environment. Our selection process will consider experience, competency, suitability, and knowledge of our health programs. Only shortlisted candidates will be invited for an interview. Preference will be given to candidates with relevant experience and local candidates with the required skills.

TBAI has a zero-tolerance policy towards individuals who engage in sexual harassment, abuse, or exploitation. We strongly discourage anyone with such intentions from applying for this position. Our commitment is to maintain a safe and respectful environment for all.

TO APPLY: Please submit a comprehensive CV by July 24, 2026 to jobs@tbalertindia.org.in and please mention the title of position and district you are applying for in the **subject line**.

Only shortlisted candidates will be invited for the interview, which will be conducted on a rolling basis.
